

III Corp Aviation Safety & Standardization Bulletin 16-01

SUBJECT: III Corp Directive Implementing Date for FH95-1 dated 9 May 2016.

1. Purpose. To coordinate the release and effective date for changes to the CARS altitudes prescribed in FH95-1.
2. General. Due to changes in the CARS altitudes, this Standardization Bulletin establishes an implementation date time of **0001 hours 9 May 2016** for utilization. Use of the altitudes prescribed in this document are not authorized before the above implementation date.
3. All previous Fort Hood Safety Standards Council decisions are implemented into this document. If a conflict between a previous Fort Hood Safety and Standardization Council decision and the 9 May FH 95-1 are encountered, FH 95-1 takes precedence.
4. POC for this ASSB is CW5 Ron Porter, III Corp Standardization/1ACB Standards Officer, 254-553-7646, ronald.c.porter.mil@mail.mil.
