

## Set up Tips for Best Value

<b>Provide a clean, camera ready set up on white paper for all pages and covers</b>	<p>A clean camera-ready set up master, free of tears, smudges, and multiple-generation pages offers quality reprographics.</p> <p>Include a digital file and you will receive best quality output for your product.</p> <p>Call 287-7306 or 287-7371 for supported formats.</p>
<b>Self-publish 5 ½ by 8 ½-inch and 4 ¾ by 3 1/8 inch styles</b>	<p>More cost effective than submitting a 8 ½ by 11 master and paying set up fees.</p>
<b>Grayscale all graphics</b>	<p>Produces best-quality output for products containing graphics.</p>
<b>Plan printing needs well in advance of the required date</b>	<p>Produces a most cost effective printing experience.</p>
<b>Merge all digital files</b>	<p>Produces a most cost effective product, negating set up fees.</p>
